Diplomas a alumnos de mecanografía e informática

Durante el acto de inauguración del curso académico 2008-2009 en el centro penitenciario de Los Rosales, se aprovechó para proceder a la entrega de diplomas a los reclusos que han superado los cursos de verano de informática y mecanografía en el centro. "De no saber nada, he pasado a crear carpetas y saber moverme. Tenía una empresa de la construcción en Málaga y siempre me hacía falta la ayuda de alguien, pero ahora lo hago todo solo", comentó uno de los alumnos de este curso. Recibieron los diplomas unas 23 personas en las instalaciones educativas. El Centro de Adultos Edrissis imparte en la prisión los cursos de alfabetización, español para extranjeros y educación secundaria para adultos. Santiago Berral, director del Edrissis, destacó tanto el porcentaje de matriculados como el de pruebas libres.
